- If your login doesn't work or you forgot to copy your password. Check your email that you used to register for your username.

The screenshot shows the 'WVU Guest Wireless Access' login page. At the top, it says 'Welcome to the WVU Guest Wireless log in portal. Use your guest credentials or register for an account to gain access.' Below this, there are two input fields: 'Username:' with the text 'guest.user@gmail.com' and 'Password:' with a masked password '\*\*\*\*\*'. There is a checkbox labeled 'Change Password' which is checked. At the bottom, there is a blue 'Sign On' button and a link that says 'Click here to register'.

- If you are unable to access your email to view your default password, contact the ITS Service Desk at 304-293-4444. Be prepared to provide your account information.
- Click Sign On.
- Accept the use policy.
- As long as you don't take your device out of range of the wireless network or close your device, you should not have to reconnect for 24 hours.

## If You Need To Reconnect
